KUDOS!!!!

By Mary Kay Hewitt

The UCCA Board extends a huge THANK YOU to UCHS Senior Joshua Yang for a superior job this year. Joshua became an indispensable cog in the newsletter distribution machine. Every month he, with help from his dad, delivered over 23 bins of newsletters to the nine area coordinators. Joshua will be attending UCSD in September and has already found his own replacement. I am sure that Joshua has a very bright future ahead of him.

Good luck, Joshua!

Bylaws Revisions** By Kay Dow Elbik

Please don't yawn!

The Bylaws committee consisting of Barry Bernstein, MaryKay Hewitt, and chaired by Kay Dow Elbik have held several meetings to review and update the UCCA Bylaws. After they have been reviewed and approved by the Executive Board at our September 14th board meeting, they will be made available on our web site www.universitycitynews.org for the memberships' perusal. You will also be able to find a hard copy posted at the UC Library on Governor Drive. Our General Meeting will be held November 9th (place to be determined). This will allow you the chance to discuss and approve the Bylaws along with approving the slate of new officers. Please make the time to join us and become a more active member of this beautiful community.

Regents Rd/Genesee Medians, An Update

By Barry Bernstein

The M.A.D. (Maintenance Assessment District), for replacing our medians on Regents Rd. and Genesee Ave. will be on the agenda as part of our November UCCA general meeting. Andy Field, the city official who oversees these projects will be there to answer questions. So far over 100 responses have been recorded... with nearly two-thirds in favor of the project, and most of those favor the landscaped version as opposed to the stamped concrete. The next step, if it goes that far, will be to work on the petitions needed to meet the requirement of a minimum of 30% of the south U.C. parcel owners. If this petition requirement is validated, then the city would send out ballots for a vote. A simple majority is all it would take. The cost would be on the ballot and would be attached to your yearly homeowner's property tax, spread out over a selected 3-5 year payout period. The exact amount, yet to be determined, would depend on the design which would be developed by a committee of U.C. volunteer residents. Please call me with your responses, and HELP.

Thank you, Barry Bernstein, (858) 453-3713

**University City Community Association
Street Banner Design Contest**

Thank you for your interest in our UCCA Street Banner Design Contest. Please design a 94 inch long and 30 inch wide banner with something that reflects our theme: U.C. Has It All. You might consider the canyon, hawks and other birds, flowers, walking trails, parks in South U.C., the library, schools, sports and children. One or two subjects fit well on the banner and a light banner background appears to wear better. Consider the need to have the theme written or printed on the banner: U.C. Has It All

All entries should be in a pdf attachment emailed to Barbara Gellman at bggellman@yahoo.com. Deadline for entry is September 30, 2011. The winner will be announced on November 1, 2011. First prize is \$200.

Working for You: Summer Edition

From Sherri Lightner

It has been a busy summer. In June, I joined my City Council colleagues in approving the latest City budget, which protects public safety and critical neighborhood services while moving forward on ending San Diego's long-term structural budget deficit.

The approved budget reflected the priorities that you in the community told me were most important. We ended all fire engine brownouts effective July 1, instead of phasing them out over the next year. We ensured that operating hours at all libraries and rec centers remained at their current levels. At my urging, the budget also improved lifeguard staffing and training so that our beaches are well protected.

The summer was full of fun events, too. I was proud to be one of the sponsors of this year's Summer Concerts at Standley Park, which featured some of the region's best local acts. Another highlight was participating in the 30th Anniversary Banana Split. The great attendance at these events only helped to highlight the importance of parks and rec centers in our communities.

I also want to thank UCCA for helping keep University City beautiful. Because of budget cutbacks, landscaping maintenance on some of the medians on Governor Drive had been reduced to just once a month. UCCA stepped in and will now pay for additional upkeep of the medians. I was happy to help with this project by cutting through the red tape required for this arrangement.

As always, please contact me with your concerns, questions, and comments so that I can be of assistance with issues in your neighborhood.

Camp Wana Kura, A Great Time for Children With Diabetes

By Sandy Lippe

University City nurse Linda Bennett is shy about sharing the work she has done since 1990 for diabetic children. Along with Gayle Lorenzi, RD, CDE(certified diabetes educator), Linda started a camp for a few diabetic children. The mission was to provide children with diabetes a recreational and educational experience for a week in the summer with crafts, games, swimming, and fun.

This year's camp at Santee Lakes had 150 campers ready to have fun and meet new friends with similar diagnoses. The theme was "Crawling with Fun with the focus on bugs." The camp in its 22nd year had many activities and much fun going on from 8 a.m. in the morning to 3:30 p.m. in the afternoon the week of July 26th. The camp even has daycare until 5:30 p.m. for working parents.

Both Linda and Gayle are strictly volunteers who recruit other volunteers to help make happy memories for the campers. Doctors, nurses, dietitians mix with teen counselors to organize the events and meals.

Former UCCA treasurer Debbie Betzenderfer provided water games that had the kids laughing while they went on

water slides and joined in on dunk tanks. Betsy Sickels, another U.C. local and dietitian, makes sure the t-shirts are designed. Printed, counted, and handed out.

Linda and Gayle and their team meet all year to prepare for this perfect week. If you want to get involved or have a child between the ages of 5 and 15 who would enjoy this adventure next summer, contact Linda at lbenn13@yahoo.com or Gayle at glorenzi@ucsd.edu.

University City's volunteers: Linda Bennett RN, co-founder of Camp Wana Kura for diabetic children; Debbie Betzenderfer, chair of water games, and Betsy Sickels, t-shirt chair.

After a two month hiatus, the newsletter is back in full swing and along with it the Police Blotter. The font has been reduced this month to accommodate two months of activity. Please note that the incidents reported here have taken place in the South UC community. Only these are reported for two reasons.

- If North UC crimes were included, the blotter would require three times the space.

- The second reason is that the majority of the newsletter's readership is in the South UC community. If any readers would like to view the full extent of the crimes in all University City, please logon to ARJIS and use zip code 92122. That's right, ARJIS (Automated Regional Justice Information System), is back on line and performing well at <http://www.arjis.org> *By Tom Taurone*

The University City Village senior housing complex on Governor Dr. received approval in 2001 to double in size to 1109 units by adding a second story to the existing units and an 80 bed assisted living facility. No traffic mitigation was required at that time. The complex now has two owners; the property has been divided into two entities, and some construction has already taken place. The inner circle of units is known as University City Village/Casa Aldea while the outer circle is called Town Park Villas. Willmark Communities owns the outer circle and is seeking an amendment to the Conditional Use Permit (CUP).

At the July UCPG (University Community Planning Group) meeting, Randy Williams and Shaun Schmidt of Willmark Communities provided handouts to the board and audience, made an excellent presentation and answered questions on their proposed construction and amendment request. They will make their 6th submission to the City regarding this CUP amendment after they complete their traffic analysis. They do not expect there to be a traffic impact. To summarize their presentation:

- Original Development: 542 single story units, 754 parking/carpports, 3,000 sq. ft. clubhouse.
- Approved under the CUP amendment in 2001: 1109 units, 80 assisted living; 1156 open parking/carpports; 2 stories; 10,000 sq. ft. clubhouse.
- Amendment requested: add 576 garage spaces, reduce 294 open parking/carpports--net gain 282

Help Improve Your Community with San Diego 311

I am proud to report that since the release of San Diego 311, there have been over 120 closed cases residents have reported of potholes, graffiti and other community issues that have been addressed.

If you are unfamiliar with how San Diego 311 works, it's a smartphone application that allows residents to report problems in their community straight from their cell phone. Residents only have to take a picture of the problem and send it to the City. The App uses geo-tagging technology to automatically provide the problem's location.

In order to improve our City, I need your help to report problems in your community. Please consider downloading San Diego 311 on your phone (simple download instructions are attached). If you have any questions please feel free to respond to this email or call my office at 619-236-6655.

parking spaces; permit 3 story buildings in selected areas; add 60,000 sq. ft. common area. If approved, totals would be: 1109 units, 80 assisted living; 576 garages, 862 open parking/carpports, total parking – 1438; 3 story buildings; 70, 000 sq. ft. common area.

- Three story buildings will be within the 30' height limit and will have elevators and garages.
- Two story buildings will be built along Governor Dr. –no elevators. Two story buildings at Governor Dr. and Kantor will be called La Jolla del Rey.
- Developers' answers to questions:
- The height difference between two story and three story buildings is 11 inches.

The average age of the residents is 66. There will be 15 affordable housing units in the complex. This must remain a senior (55+) complex; 80 percent of occupied units must have one 55+ occupant. Occupants of the remaining 20 percent may be younger than 55 years old.

Some UCPG board members and people in attendance objected to the name La Jolla Del Rey since the complex is in University City and expressed concern about traffic and visual impacts and the absence of elevators. A suggestion was made that the developers provide something for the community as a gesture of good will such as a planted median on Governor Dr. in front of the complex. Willmark Communities will return to the UCPG at a future date.

**District Champions from UC Del Sol...
Where the Girls Matter!**

Every hero's tale has an underdog – a contender that rises to the challenge, overcomes obstacles, and pulls out the victory against all odds. Such is the story of UC Del Sol Girls Fastpitch Softball, the smallest of the eight leagues in its southern San Diego district, whose 12 and Under All Star team clinched first place in the State Qualifier, proving that team spirit and determination are more formidable than strength and numbers.

After losing one game in the double elimination tournament, held over 4th of July weekend at Hickman Sports Complex in Clairemont, the 12U team "Adrenaline" faced a daunting task: To earn the title of District Champions, the girls would have to play and win four games in one day – in 90 degree heat – and beat the undefeated Fallbrook All Star team not once but twice in a row.

The day that started with 7am warm-ups ended at nearly 7pm in a climatic international tie-breaker with Fallbrook, in which UC Del Sol ultimately triumphed. "Playing through that

level of exhaustion is not just a matter of skill," said head coach Rene Benz. "It's about passion, camaraderie, and most of all, heart." Indeed, several players including All Star Hannah Hinchman of University City, lost their voices after

twelve hours of cheering for their teammates.

Commenting on the secret to the team's success, league President Carla Vecchione responded, "We may be a small league, but we're comprised of a very dedicated group of parents and coaches, all of whom put the girls first. Most of these girls [on the winning team] have been playing together since they were in first or second grade. The friendships strengthened over the years carry over on to the field. Success comes easier when you're having fun."

This past weekend, team "Adrenaline" competed in the State Championships in Lancaster, CA, placing 5th out of 24 teams and earning a spot in the Southern United States Regional Championships to be held August 5-7 in Escondido.

The UC Del Sol Fall season begins in August; regular season in February. Both provide an excellent environment for girls 5-14 to learn and improve on the game of softball, develop essential life skills, and forge lasting friendships. NEW MUSIC DIRECTOR FOR UNIVERSITY CITY HIGH SCHOOL!

Submitted by: Marie Byrd

University City High School is pleased to announce its new Music Director, Mr. Cameron Brown! Formerly the band director at Hoover High School, Cameron takes on his new role at UC High beginning Fall 2011, following the retirement of Mr. Mike Cummins.

Cameron received his Bachelor's degree in Music Education from San Diego State University in May 2006. While at SDSU, he was a trumpeter in the award-winning SDSU Wind Symphony, under the direction of Harold Warman, while also participating in the Marching Aztecs and SDSU Varsity and Pep Bands. Recently, he has also performed with the Grossmont College Concert Band under the baton of Russell Sperling.

During his stay at Hoover, Cameron's bands amassed numerous "Excellent" and "Superior" ratings from organizations such as the California Music Educators' Association (CMEA), the Southern California School Band and Orchestra Association (SCSBOA), and more. In 2010, Cameron was awarded the David P. Shuchman Award, which is given to the Outstanding Instrumental Music Teacher in SDUSD's secondary schools for the year.

Cameron brings an incredible energy and enthusiasm to UC High, as well as a vision for a top performing, high quality music program. It is with excitement that we welcome Mr. Cameron Brown to University City High School!

The UC Photo Race

By James Floyd

The fourth annual photo scavenger hunt during the University City Celebration, had its biggest turnout ever on July 4, 2011. Twenty-three teams competed in the free event, hoping to solve all the clues and win cool prizes. A record thirteen teams were able to solve all ten clues that led them from Standley Park all along Governor Drive.

The top three teams for 2011:

1. Team Awesome:
(Jacob, Joshua, Kyle, Ben) - 34:55
2. UC All Stars (Scott, Aiden, Skip, Adam) - 44:50
3. R U Jelly (Or & Ziv) - 46:20

Several clues led around Standley Park while others sent teams searching for decorated utility boxes along Governor Drive or the signs of local business establishments. While the fastest teams prefer to run the entire time,

other teams simply aim to get all the photos right

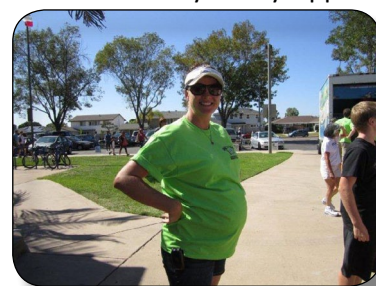

without breaking a sweat. Several teams have been competing in the photo race year after year as part of their UC Celebration experience.

The top three teams won some fantastic prizes, from the UC Celebration Planning Committee, including a bowling party, iTunes gift cards, and Science Center passes. The race was designed by James Floyd and Dan Hamman.

The 30th anniversary of the Banana Split in the Park at Standley Park & Rec Center. Held on August 6, 2011, this University City tradition went big for the big 3-0! With the Bayou Brothers giving a concert, a kids fun zone, and a dusk showing of "Despicable Me" and more!

University City Racquet Club has a New Manager

By Sandy Lippe

Brad Vo picked up a tennis racquet when he was in 4th grade at Spreckels School in 1990. He walked next door to University City Racquet Club at Standley Park and took lessons from long time teaching pro and UCRC manager, Jim Ferarri. Fast forward to 2011 and Brad has recently become manager and tennis teacher at UCRC after Ferarri moved on to manage his daughter Paulina's career. Brad credits Jim with a lot of his success, as do many U.C. people who learned to play tennis from Ferarri.

UCRC was Brad's home away from home while he was growing up in U.C. He graduated from UCHS in 1997 after being part of the CIF champions in his junior year; he played #1 and 2 singles. He went on to Grossmont College but suffered "a life changing event," he says. It was a motorcycle accident of the worst kind. "I should have listened to my mother," he laughed. After 3 or 4 operations and a long healing process, Brad left school and traveled to Asia, picked up his racquet again. The love of tennis kept him going.

He knew he had a vocation in teaching tennis; after many years he has landed back at UCRC, where he is director of tennis and manager of the clubhouse. His wife of a few months says he works 80 hour weeks as he commutes from their home in Carlsbad. Brad's goals are to make tennis accessible and get UCRC involved in the community, Stop by the clubhouse and meet a homegrown tennis player who promises great tennis for every age group.

Local Restaurateur Presents Roasties Cafe

By Claire Harlin

One may have noticed Roasties Cafe, the new restaurant at 8915 Towne Centre Drive, or tried its signature all-day breakfasts. But less obvious is the unique story behind the casual Golden Triangle eatery.

Owner Kirk Naylor, a La Jolla, is a fourth-generation restaurateur. His great-grandfather was a chef on the Union Pacific railroad from Chicago to California in the early 1900s, and his grandfather, "Tiny" Naylor, had a waffle shop in Reno and a self-titled chain of restaurants in Southern California. One Los Angeles history website, "L.A Time Machine," states there is a Tiny Naylor's Restaurant building still standing near the city's Koreatown, and photos of his several other iconic retro-style drive-ins and eateries can still be found.

But Kirk Naylor learned the ins and outs of running a restaurant from his dad, Chet Naylor, at the Beverly Hills Café chain. The La Jolla launched a catering business there, and Roasties Café will add to the more than 100 Naylor family restaurants in the past century. See next page for discount.

DO YOU NEED MORE LIVING SPACE?

Larger living room? Another bath? Maybe a bedroom or two? Don't have a lot of money? There are several ways of doing a home remodel:

- 1) Hire a General Contractor at \$300 per ft.
- 2) Hire the individual sub-contractors & oversee the work yourself.
- 3) Buy the materials & you do all the work.
- 4) Hire a manager with 30 years experience to make sure things are getting done to code & do some of the work yourself or not.

The lease expensive is to pay all of the sub-contractors yourself, get a discount on all materials using a contractor's license and pay the manager a % of what you spend. This way you know just what you're spending on each phase of the project and pay wholesale not retail. The manager will insure that the quality is not compromised and the schedule is met. This is a great way to save a lot of money and be actively involved in your addition. *— Rick A. Nestor*
