UC Library

A Big Thank-You to Our Patrons

In these difficult economic times, your local library relies on your contributions of time as well as your financial support. I would like to take this moment to thank all of you for the generosity you have shown towards our library—and your library as well—the University Community Branch Library.

Recently many patrons have shown their support for the University Community Branch Library by offering their time, talents and money to help the library provide its essential services to the community. Presently, we have a total of 52 volunteers, from youth to seniors, who are dedicated to giving our library their time and energy - efforts that amount to an astounding number of 700 hours per month! We feel honored to have so many people wanting to support us in this manner.

In addition to these wonderful contributions by our volunteers, we have received very generous monetary gifts to be used for our library. A \$2,500 donation was received from an anony-

mous patron, a gift that will be matched by Qualcomm and again by the City of San Diego. We are hoping that this donation will be used to support our childrens' programs as well as to purchase library materials. Furthermore, our library is also the fortunate recipient of a recent \$2,000 grant award from the San Diego Foundation's Takahashi Family Fund at the recommendation of Mr. Sam Takahashi. This donation will also be matched by the City of San Diego and will provide us with the opportunity to update many subject areas of our library's collection.

Thank you to all of our patrons, volunteers, and contributors for all that you provide for us. Thank you for all of your efforts and thoughtfulness.

We still have a long way to go and a lot to achieve; and to better serve you, we need your continuing support and feedback. Please visit your library, for we are here for you.

EdUCate's 11th Annual Taste of the Triangle to Benefit Community Schools

EdUCate!, the non-profit University City Foundation for Public Schools, is dedicated to improving the quality of our children's education by providing supplemental resources to the five University City public schools - Curie, Doyle and Spreckels elementary schools, Standley Middle School and U.C. High School. The foundation has awarded more than \$430,000 in teacher-submitted grants during the last 11 years in the areas of literacy, math, science, technology and the arts.

EdUCate! raises the majority of funds through the annual Taste of the Triangle - an evening of fun, food and fanciful auction items to be held on Thursday, November 18, at 7 p.m. at the San Diego Marriott La Jolla. Celebrating 11 years, the Taste of the Triangle will showcase samples of gourmet cuisine from area restaurants, incredible opportunity drawings, the ever-popular silent auction featuring baskets stuffed with wonderful gifts,

and student entertainment. A VIP Reception will be held immediately prior to the event.

"It's a great event for parents, teachers, the community, and our very supportive businesses to join hands in helping public education during these budget-challenged times," said Liz Fort, Taste of the Triangle chair. "Please support our schools with either an auction donation or by attending the event- or both! As a foundation, we're hoping to reach the half-million dollar mark in awards to our schools, and we need the continued generosity of the community to accomplish this goal."

Tickets are \$30 in advance or \$40 at the door. Look for an invitation in the mail or call the EdUCate! office at (858) 677-0989. Proceeds directly benefit the public schools of University City. Information can also be found at www.uc-educate.org.

Every dollar makes a difference.

Banners Salute Scripps Hospital

The street banners on Governor Drive, Genesee Avenue, and Regents Road are now featuring Scripps Memorial Hospital's 80th anniversary. Scripps will have a special celebration at the hospital on October 9th with activities for the whole family. Scripps asked UCCA to rent some of the University City banner poles for two and a half months to publicize this special birthday.

Thanks to International City Bank

CEO Jane Netherton, U.C. has this unique community banner program. Ms. Netherton committed \$10,000 to the street program which will be celebrating its 3rd birthday in March of 2005. The artist of the U.C. banners with the motto, "more than a neighborhood," is Cassandra Mansfield Allen who grew up in U.C. Lots of people have asked exactly what the subject of the banner is. Cassandra created a tree as symbolic of the canyons.

COMMUNITY BULLETIN FROM BRIGADIER GENERAL

CARL JENSEN

Commanding General MCAS Miramar

To everyone in the communities surrounding Marine Corps Air Station Miramar, "Hello!" I'm "the new guy" here at Miramar and my name is Brigadier General Carl Jensen. Periodically, I'd like to take advantage of this venue to discuss issues or events going on at Miramar that may interest you.

The United States military has long enjoyed a special bond with the enormously supportive and patriotic San Diego community, and I now find myself beneficiary to that relationship. I pledge to do everything in my power to strengthen those bonds during my stewardship, and will endeavor to ensure that the Marines and Sailors of Miramar become even more closely woven into the community fabric. We take great pride in being soccer moms and dads, scout leaders, church members, PTA volunteers, and net contributors to our communities. And, as an integral member of the "at large" community, I believe it's my duty to keep you informed of ongoing activities at Marine Corps Air Station Miramar.

As the steward of Miramar, my primary objective is to ensure that your Marines and Sailors are provided the finest training and support possible, as many will soon find themselves on the front lines of the global war on terror, heeding this great Nation's call to arms. In order to best prepare these heroes to go in Harm's Way and return safely, they've got to have top-notch, tough, and realistic training. Simultaneously, we strive to provide outstanding support to the families of those left behind in our communities, and care for those returning stalwarts who have borne the weight of their Nation in battle. At the end of the day, our principal job here at Miramar is to enhance and sustain combat readiness, and also the quality of life that Miramar Marines, Sailors, and their families enjoy, all of which is integral to readiness. In that vein, the community support and encouragement for those deployed — and to the families of those serving overseas — is our

lifeblood. I am indebted to your enthusiastic and unstinting support and understanding as the Nation sends her sons and daughters to war. I'm convinced that there is no other community in the world quite as patriotic, generous, and supportive as San Diego. Thank you!

In August, a near-continuous stream of Marines and Sailors deployed to and returned from overseas combat assignments. That pattern will continue unabated in the coming months, and the requisite combat training associated with that rotation accounts for the increased air operations activity around Miramar that you may have observed. Also, as many of you may be aware, your Navy/Marine Corps team has adopted a new concept that seeks to better integrate naval aviation forces, called Tactical Air Integration. Henceforth, each Navy aircraft carrier that departs for operations will have aboard it one squadron of Marine Corps F/A-18 Hornets. This integration will significantly bolster our ability to rapidly and appropriately respond to disparate contingencies requiring aviation support, and increases overall mission efficiency, effectiveness, and cohesion. I ask for your forbearance if the sound of our training is occasionally disturbing — there are currently three carriers in port and the absolute requirement to train prior to redeployment remains tantamount. Much of this training occurs at night, and Miramar Air Station conducts continuous operations for 16 hours a day to accommodate (7:30 AM till 12 midnight).

To all our friends and supporters in the communities surrounding Miramar, I offer again my thanks and gratitude for your encouragement and cooperation. I look forward to working closely with you in order to better serve our communities, our state, and our Nation. Semper Fidelis.

Carl B. Jensen
Commanding General, Marine Corps
Air Station Miramar

President's Perspective...

UCCA is looking for a "few good people" who have the time and energy to devote a "few good hours" to a variety of projects and activities that we believe will enrich and enhance our community. We will have our annual elections on Wed. Nov. 10th. We will be meeting at our local Library from 6 - 7:30 P.M. If you would be interested in joining the Board and/or heading up a project, please call me, Hugh Pates, at 858 - 453 - 0645, or email me at hpates@ucsd.edu. before Wed. Oct. 13th.

Some of the projects that are currently underway and still need helping hands are: 1) The UC Celebration 2005 committee, which met for the first time on Sept. 21st. 2) A Beautification Project that will be located on Governor Drive just East of Stadium St. 3) A community wide clean up project that will take place in early May. 4) The possibility of a group volunteering to keep our medians clean and neat. 5) Helping hands and minds to raise money and plan a summer concert series for 2005 and any other activities and/or projects that you or others believe would make our community a better place in which to learn, live and work.

Some residents have recently asked me how they could join the Association. In this newsletter there is an application form which makes that process easy and convenient. Please take the opportunity to join with us in our efforts to create an ever safer, cleaner and more beautiful University City!

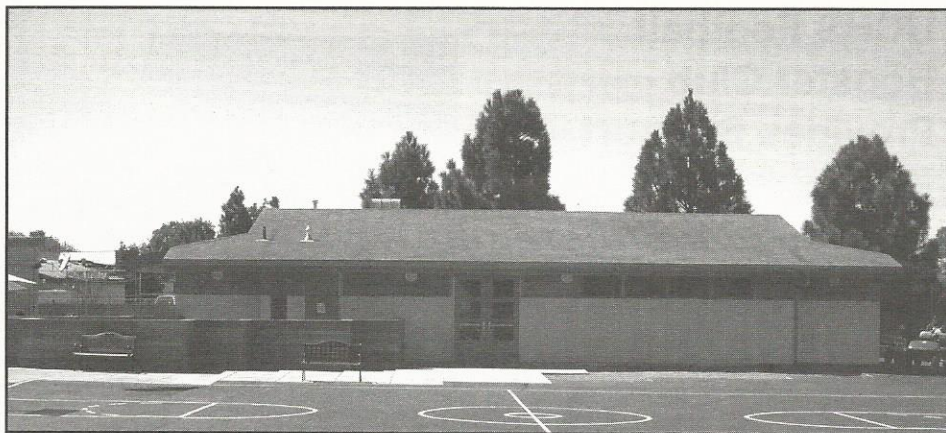

Happy Halloween !

UCHS Football Booster Club Provides Support

The UCHS Football Booster Club invites you to join the fun and excitement in supporting our student athletes. We are pleased to share with you this quality program and appreciate your participation in supporting our Varsity, Junior Varsity and Freshmen teams.

We'd also like to express our sincere appreciation to the coaches, families and the community businesses for the generous support we've received this year in kicking off our football season. It is a privilege to acknowledge the countless hours in time, energy and resources enthusiastically contributed! As a result of the successful fund raising efforts this season and the terrific participation of the football families and support of the community, the booster club has provided: 100 new shoulder pads, helmets, a drinking fountain, marker bags, field maintenance improvements, professional filming of many of the games, the services of a trainer and practice t-shirts and shorts. These commitments make a tremendous difference in the quality of the football experience at UCHS for the players, parents, coaches and the school community.

The football booster club is again able to assist in the underwriting of the expense to provide generator lights for homecoming.
