

How to create and customize your Nextdoor account:

Go to www.nextdoor.com, click on the **sign up** link, verify your address, and create your account. Use invite code **ZEBMGQ** if asked. Go to the **settings** page to choose the frequency and types of updates you want to receive. Use the **nearby neighborhoods** link to personalize your neighborhoods. Go to the **your profile** link to add a photo, bio or phone. Review screenshots below for more helpful hints. Contact University City leads Barbara or Diane if you need help: bggellman@yahoo.com or aherndiane@gmail.com. Diane Ahern 858-246-6064. *Updated January 2016*

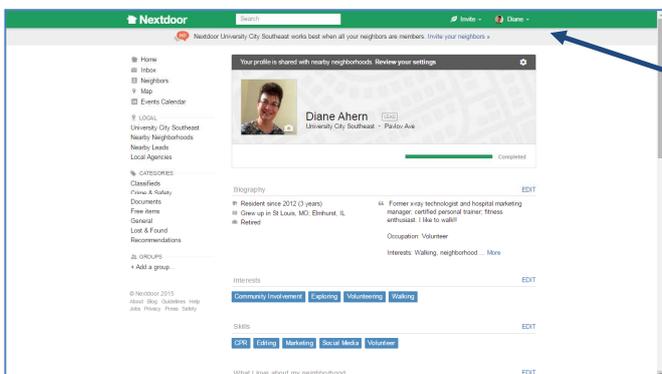

Existing Account? Sign in with either Facebook **OR** your email address.

New Account: Create your account at www.nextdoor.com/sandiego; click on the **sign up** link.

Use invite code **ZEBMGQ** if asked. Create a **new account** with either Facebook **OR** your email address.

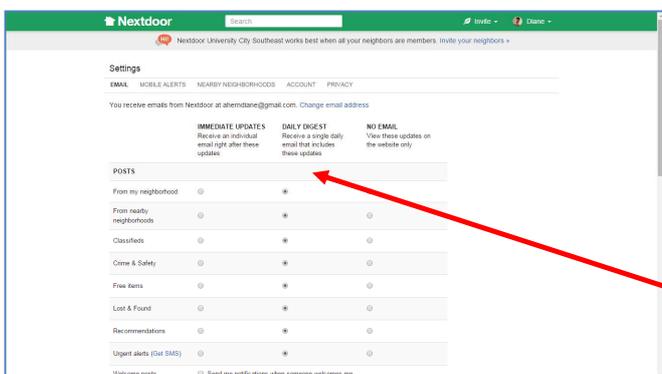

You do **NOT** have to be a Facebook user to sign up or sign in to Nextdoor.

Address verification page: In this example, it opens to the Southeast page because Diane lives in UC Southeast.

Update your profile: Go to the **your profile** dropdown link (under your name) to upload a photo, your bio and/or contact info. **You decide** what you want to **share** with your neighbors.

Visit the **help page** dropdown link (under your name) to learn how and what to post; and many other tips for neighborly behavior.

Settings Page: On the **settings** page, choose **subject categories**, and the **types and frequency of email/text notifications**. We recommend the **Daily Digest**; you receive one summary email a day. **Personalize your neighborhoods** with the **nearby neighborhoods** link.
